

FHE Idea: Take a Walk With Jesus

(Walk outside, and find and place the following items in a bag.)

A BRANCH - a week before his crucifixion, as Christ entered the city, the people waved branches from palm trees.

SOMETHING PRICKLY - his “crown” was made of thorns.

A PIECE OF WOOD - for it was out of wood his cross was made.

SOMETHING NO LONGER ALIVE - for the Savior truly died.

WHITE LINEN - Christ was wrapped in white linen before being placed in the tomb.

A STONE - it was a huge stone at the opening of the tomb that the angel removed.

SOMETHING LIVING - To remind us that Christ surely lives. He died and was resurrected.

In a very real way (the Savior) visits us, each one, with His teachings. He brings cheer and inspires goodness. He gave His precious life that the grave would be deprived of its victory, that death would lose its sting, that life eternal would be our gift. President Thomas S.

Monson
